#### **INDEPENDENT AUDITOR'S REPORT**

To the Board of County Commissioners Wilcox County, Georgia

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Wilcox County, Georgia as of and for the year ended September 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Wilcox County Board of Health, which represent 58.6 percent, 57.2 percent, and 99.9 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Wilcox County Board of Health is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Wilcox County, Georgia, as of September 30, 2014, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison, and historical pension be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Wilcox County, Georgia's basic financial statements. The combining and individual fund financial statements and schedules and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The combining and individual fund statements and schedules, supplemental schedules, and schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules, supplemental schedules, and

schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 11, 2015, on our consideration of Wilcox County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Wilcox County, Georgia's internal control over financial reporting and compliance.

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

Wilcox County, Georgia (the County) was organized under Act of December 22, 1857, from the counties of Irwin, Dooly and Pulaski. The County operates under a five member Board of Commissioners form of government. Commissioners serve staggered terms of four years. The board elects its own chairman. The accompanying financial statements present the County and its component units, entities for which the County is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the County.

#### **Discretely Presented Component Units**

The Wilcox County Public Health Center (Center) provides healthcare services for the citizens of the County. The County Commissioners appoint a voting majority to the Center. The component unit column in the combined financial statements includes the financial data of the Center, as reflected in their most recent audited financial statements. The fiscal year end of the Center is June 30. Complete financial statements for the Wilcox County Public Health Center may be obtained at the entity's offices:

Wilcox County Public Health Center Rochelle, Georgia

The Wilcox County Development Authority (Authority) was established for the purpose of promotion and development for the public good and welfare of trade, commerce, industry and employment opportunities in the County. The governing body of the Authority consists of six members, two members appointed by the Board of County Commissioners and one member appointed by each municipality. The Authority did not issue separate financial statements.

#### **B.** Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate component units for which the primary government is financially accountable.

#### C. Basis of Presentation – Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds. Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The discretely presented component units are shown in separate columns in the government-wide financial statements. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

#### D. Basis of Presentation – Fund Financial Statements

The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category are presented. The emphasis of fund financial

statements is on major governmental funds displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *CDBG Drainage* & *Streets Fund* accounts for street, flood, and drainage improvements to Humming Bird Road, Juniper Lane, and Saw Mill Loop.

Additionally, the County reports the following fund types:

The *Private-Purpose Trust Fund* is used to account for resources legally held in trust for use by the County to construct a hospital within the County under the will of Will Duncan. If a hospital is not constructed by July 7, 2021, then the County may use this money to pay hospital bills for the poor of Wilcox County.

Agency Funds account for taxes, fees, fines, and bonds collected on behalf of other governments, agencies, officials, and individuals.

During the course of operations the County has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds) are eliminated.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated.

#### E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources or economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset

acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue items are considered to be measurable and available only when cash is received by the County.

Private-purpose trust funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Agency funds have no measurement focus but utilize the *accrual basis of accounting* for reporting its assets and liabilities.

#### F. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

#### 1. Cash and Cash Equivalents

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit and short-term investments with original maturities of three months or less from the date of acquisition.

#### 2. Investments

State statutes authorize the County to invest in obligations of the State of Georgia or other states, obligations issued by the U.S. Government, obligations fully insured or guaranteed by the U.S. Government or by a government agency of the United States, obligations of any corporation of the U.S. Government, prime bankers' acceptances, the local government investment pool, repurchase agreements, and obligations of other political subdivisions of Georgia.

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates, and investments that do not have an established market are reported at estimated fair value.

#### 3. Inventories and Prepaid Items

The costs of inventories are recorded as expenditures when purchased in all funds. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as expenditures when paid in the governmental funds and as prepaid items in the government-wide financial statements.

### 4. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost which exceeds certain capitalization thresholds and an estimated useful life in excess of two years. In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the County has capitalized items acquired or constructed after September 30, 2003. As the County constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or increase its estimated useful life. Donated capital assets are recorded at their estimated fair value at the date of donation. Land and construction in progress are not depreciated.

The property, plant, equipment, and infrastructure of the primary government are depreciated using the straight line method over the following estimated useful lives:

|                              | Capitalization | Estimated    |
|------------------------------|----------------|--------------|
| Assets                       | Thresholds     | Service Life |
| Buildings                    | \$ 10,000      | 25-50        |
| Machinery and Equipment      | \$ 5,000       | 3-15         |
| Improvements                 | \$ 5,000       | 10-20        |
| Public Domain Infrastructure | \$ 25,000      | 15-50        |
| Water and Sewer Systems      | \$ 5,000       | 15-50        |

#### 5. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Premiums and discounts are deferred and amortized over the life of the debt using the effective interest method. Debt issuance costs, except any portion related to prepaid insurance costs, are recognized as an expense in the period incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### 6. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/ expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The County has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

#### 7. Net Position Flow Assumption

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

#### 8. Fund Balance Flow Assumptions

Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption

must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

#### 9. Fund Balance Policies

Fund balance of governmental funds is reported in various classifications based on the nature of any limitations requiring the use of resources for specific purposes. The County itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance). The fund balance classifications are as follows:

*Nonspendable* fund balance includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

*Restricted* fund balance includes amounts that are restricted when constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

*Committed* fund balance includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the County's highest level of decision making authority.

Assigned fund balance includes amounts that are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed.

*Unassigned* fund balance is the residual classification for the General Fund. The classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the County's highest level of decision-making authority. The Board of County Commissioners is the highest level of decision-making authority for the County that can, by board approval, commit fund balance. Once approved, the limitation imposed remains in place until a similar action is taken to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as committed. The Board of County Commissioners may assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

#### G. Revenues and Expenditures/Expenses

#### 1. Program Revenues

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit and short-term investments with original maturities of three months or less from the date of acquisition.

#### 2. Property Taxes

Property taxes were levied on August 13, 2013, payable December 20, 2013, and attached as an enforceable lien on property as of January 1, 2013. The billings are considered past due after December 20, 2013, at which time the applicable property is subject to lien, and penalties and interest are assessed.

#### 3. Compensated Absences

Vacation and sick pay is accounted for when paid. Employees are allowed to accumulate and carry over a maximum of 240 hours sick leave on December 31 of each year. Employees are allowed to accumulate and carry over a maximum of 240 hours vacation leave on December 31 of each year. Upon resignation from the county, employees will be paid for any unused vacation leave, if leaving on good terms.

#### II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### A. Budgetary Information

Annual budgets were adopted on a basis consistent with generally accepted accounting principles for all governmental funds except the capital projects funds, which adopt project-length budgets, and the Sheriff's Drug special revenue fund. All annual appropriations lapse at fiscal year-end.

All departments of the County submit requests for appropriations to the County Clerk so that a budget may be prepared. The proposed budget is presented to the County Commissioners for review. The Commission holds public hearings and a final budget must be prepared and adopted no later than September 30.

The appropriated budget is prepared by fund, function, and department. The County's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the County Commission. The legal level of budgetary control is the department level.

The Official Code of Georgia Annotated section 36-81-3(b) requires an annual balanced budget for the General fund, each special revenue fund, and each debt service fund and requires a project-length budget for each capital project fund. For the year ended September 30, 2014, the County did not adopt an annual budget for the Sheriff's Drug special revenue fund.

#### **B.** Excess of Expenditures Over Appropriations

Excess of expenditures over appropriations at the department level (the legal level of control) is presented below:

|  | Budget    | Actual    | Excess    |
|--|-----------|-----------|-----------|
| General Fund                           |           |           |           |
| Tax Commissioner                       | 175,563   | 176,835   | (1,272)   |
| Tax Assessor                           | 136,172   | 143,579   | (7,407)   |
| Clerk of Superior Court                | 150,830   | 158,217   | (7,387)   |
| Public Defender                        | 3,897     | 4,034     | (137)     |
| Jail                                   | 294,453   | 319,613   | (25,160)  |
| Emergency Medical Services             | 313,186   | 567,971   | (254,785) |
| Highways and Streets                   | 1,003,027 | 1,407,742 | (404,715) |
| Solid Waste and Recycling              | 162,050   | 162,059   | (9)       |
| Recreation                             | 117,207   | 122,169   | (4,962)   |
| Community Service Center               | 15,996    | 19,661    | (3,665)   |
| County Extension                       | 40,884    | 50,840    | (9,956)   |
| Forest Services                        | 16,816    | 17,726    | (910)     |
| Transfers Out                          | 30,082    | 30,511    | (429)     |
| E-911 Special Revenue Fund             | 115,000   | 166,213   | (51,213)  |
| Juvenile Services Special Revenue Fund | 500       | 773       | (273)     |
| TSPLOST Special Revenue Fund           | 264,648   | 324,620   | (59,972)  |

#### C. Deficit Fund Equity

The following funds had deficit fund equity at September 30, 2014:

| E-911 Special Revenue Fund            | \$<br>24,073 |
|---------------------------------------|--------------|
| Cedar Creek Fire Special Revenue Fund | 1,320        |

#### **III. DETAILED NOTES ON ALL FUNDS**

#### A. Cash Deposits with Financial Institutions

The County does not have a formal policy for interest rate, credit, concentration of credit, or custodial credit risks.

*Custodial credit risk – deposits.* This is the risk that in the event of a bank failure, the County's deposits may not be returned to it. As of September 30, 2014, the County's entire bank balance was insured or collateralized with securities held by the pledging financial institution's trust department or agent in the County's name.

#### B. Receivables

Amounts are aggregated into a single accounts receivable (net of allowance for uncollectibles) line for certain funds and aggregated columns. Below is the detail of receivables for the major funds and the nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts:

|  |               | CDE    |       |     | onmajor   |               |
|--|---------------|--------|-------|-----|-----------|---------------|
|  |               | Draina | ige & | Gov | ernmental |               |
|  | <br>General   | Stre   | ets   |     | Funds     | <br>Total     |
| Taxes                                    | \$<br>120,859 | \$     |       | \$  | 201       | \$<br>121,060 |
| Accounts                                 |               |        |       |     | 20,977    | 20,977        |
| Intergovernmental                        | 97,238        | 145    | ,357  |     | 55,418    | 298,013       |
| Gross Receivables<br>Less: Allowance for | 218,097       | 145    | ,357  |     | 76,596    | 440,050       |
| Uncollectibles                           | <br>(6,118)   |        |       |     |           | <br>(6,118)   |
|  | \$<br>211,979 | \$ 145 | ,357  | \$  | 76,596    | \$<br>433,932 |
|  |               |        |       |     |           |               |

#### C. Capital Assets

Capital asset activity for the year ended September 30, 2014, was as follows:

#### Primary Government

|  | Beginning<br>Balance |        | Increases Decrease |    | ecreases  | Ending<br>s Balance |             |
|--|----------------------|--------|--------------------|----|-----------|---------------------|-------------|
| Governmental Activities                      |                      |        |                    |    |           |                     | _           |
| Capital Assets, Not Being Depreciated        |                      |        |                    |    |           |                     |             |
| Land   | \$ 334,              | 755 \$ |                    | \$ |           | \$                  | 334,755     |
| Construction In Progress                     | 485,                 | 308    | 411,151            |    | (451,698) |                     | 444,761     |
| Total Capital Assets, Not Being Depreciated  | 820,                 | 063    | 411,151            |    | (451,698) |                     | 779,516     |
| Capital Assets, Being Depreciated            |                      |        |                    |    |           |                     |             |
| Buildings                                    | 2,197,               | 085    | 451,698            |    |           |                     | 2,648,783   |
| Infrastructure                               | 2,456,266            |        |                    |    |           |                     | 2,456,266   |
| Improvements Other Than Buildings            | 181,                 | 314    |                    |    |           |                     | 181,314     |
| Machinery and Equipment                      | 2,649,               | 396    | 39,529             |    | (23,495)  |                     | 2,665,430   |
| Total Capital Assets, Being Depreciated      | 7,484,               | 061    | 491,227            |    | (23,495)  |                     | 7,951,793   |
| Less Accumulated Depreciation For            |                      |        |                    |    |           |                     | ,           |
| Buildings                                    | (1,415,              | 575)   | (45,056)           |    |           |                     | (1,460,631) |
| Infrastructure                               | (270,                | 100)   | (61,407)           |    |           |                     | (331,507)   |
| Improvements Other Than Buildings            | (114,                | 154)   | (15,214)           |    |           |                     | (129,368)   |
| Machinery and Equipment                      | (1,982,              | 107)   | (133,471)          |    | 23,495    |                     | (2,092,083) |
| Total Accumulated Depreciation               | (3,781,              | 936)   | (255,148)          |    | 23,495    |                     | (4,013,589) |
| Total Capital Assets, Being Depreciated, Net | 3,702,               | 125    | 236,079            |    |           |                     | 3,938,204   |
| Governmental Activities Capital Assets, Net  | \$ 4,522,            | 188 \$ | 647,230            | \$ | (451,698) | \$                  | 4,717,720   |

Depreciation expense was charged to functions/programs of the primary government as follows:

| \$<br>18,672  |
|---------------|
| 1,226         |
| 60,668        |
| 131,505       |
| 6,755         |
| <br>36,322    |
| \$<br>255,148 |
| \$            |

#### D. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of September 30, 2014 was as follows:

Due From / To Other Funds

| Receivable Fund             | Payable Fund                | Amount    |
|-----------------------------|-----------------------------|-----------|
| General Fund                | Nonmajor Governmental Funds | \$ 18,127 |
| Nonmajor Governmental Funds | General Fund                | 3,354     |
| Nonmajor Governmental Funds | Nonmajor Governmental Funds | 50        |
|                             |                             | \$ 21,531 |

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. A Nonmajor Governmental Fund owes the General Fund \$17,073 for E-911 expenditures financed by the General Fund. The General Fund owes the SPLOST 2006 Fund \$3,354 for expenditures originally categorized as SPLOST projects which were subsequently re-classified as General Fund expenditures. The balance will be reimbursed by the General Fund.

The composition of interfund transfers for the year ended September 30, 2014 was as follows:

#### Interfund Transfers

| Transfer In                 | Transfer Out                | Α  | mount  |
|-----------------------------|-----------------------------|----|--------|
| General Fund                | Nonmajor Governmental Funds | \$ | 8,526  |
| Nonmajor Governmental Funds | General Fund                |    | 30,511 |
|                             |                             | \$ | 39,037 |

A Nonmajor Governmental Fund transferred \$8,526 to the General Fund to finance jail expenditures. The General Fund transferred \$30,511 to a Nonmajor Governmental Fund to finance E-911 operations.

#### E. Lease Obligations

The County has entered into lease agreements as lessee for financing the acquisition of capital assets. The lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date. Amortization for the period is included in depreciation. Capital assets subject to lease obligations at September 30, 2014 were as follows:

|                                | Go۱ | /ernmental |
|--------------------------------|-----|------------|
|                                | A   | Activities |
| Machinery and Equipment        | \$  | 218,000    |
| Less: Accumulated Depreciation |     | (25,433)   |
| Total                          | \$  | 192,567    |

The future minimum lease obligations and the net present value of these minimum lease payments as of September 30, 2014 were as follows:

| Year Ending September 30                | <br>vernmental |
|---|----------------|
| 2015                                    | \$<br>22,632   |
| 2016                                    | 22,632         |
| 2017                                    | 22,632         |
| 2018                                    | <br>142,746    |
| Total Minimum Lease Payments            | 210,642        |
| Less: Amounts Representing Interest     | <br>(12,687)   |
| Present Value of Minimum Lease Payments | \$<br>197,955  |

#### Changes in General Long-Term Liabilities

Long-term liability activity for the year ended September 30, 2014, was as follows:

|  | eginning<br>Balance               | Ad  | lditions       | Re | eductions            | Ending<br>Balance                  | <br>ie Within<br>ne Year   |

For governmental activities, claims and judgments, compensated absences, and pension liabilities are generally liquidated by the General Fund.

#### F. Pensions

#### Plan Description

The County sponsors the Association of County Commissioners of Georgia Restated Pension Plan for Wilcox County Employees (The Plan), which is a defined benefit pension plan. The Plan provides retirement, disability, and death benefits to plan participants and beneficiaries. The Plan, through execution of the adoption agreement, is affiliated with the Association County Commissioners of Georgia Third Restated Defined Benefit Plan (The ACCG Plan), an agent multiple-employer pension plan, administered by GEBCorp. The ACCG, in its role as the Plan Sponsor, has the sole authority to amend the provisions of the ACCG Plan, as provided in Section 19.03 of the ACCG Plan document. The County has the authority to amend the adoption agreement, which defines the specific benefit provisions of The Plan, as provided in Section 19.02 of the ACCG Plan document. A financial report for the Wilcox County Defined Benefit Plan may be obtained by writing to Wilcox County, Georgia, Abbeville, Georgia 31001.

#### Funding Policy

The County employees are not required to contribute to the Plan. The County is required to contribute an actuarially determined amount annually to the Plan's trust. The contribution is determined using actuarial methods and assumptions approved by the ACCG Plan trustees and must satisfy the minimum contribution requirement contained in the State of Georgia statutes. The ACCG Plan trustees revised the funding policy for the 2013 plan year. As approved by the trustees, the required contribution for 2013 was \$62,173.

Annual Pension Cost and Net Pension Obligation

For 2013, the County's annual pension cost was \$62,110. The required and actual contributions were \$62,173.

| \$<br>62,173 |
|--------------|
| 904          |
| (967)        |
| 62,110       |
| (62,173)     |
| (63)         |
| 11,665       |
| \$<br>11,602 |
| \$           |

Three Year Trend Information

|           | Annual     | Percentage  |             |
|-----------|------------|-------------|-------------|
|           | Pension    | of APC      | Net Pension |
| Plan Year | Cost (APC) | Contributed | Obligation  |
| 2011      | \$ 90,927  | 98 %        | \$ 11,729   |
| 2012      | 71,034     | 100         | 11,665      |
| 2013      | 62,110     | 100         | 11,602      |

The required contribution was determined as part of the January 1, 2013 actuarial valuation, using the projected unit credit actuarial cost method. The actuarial assumptions included (a) 7.75% investment rate of return and (b) projected salary increases of 4.0%-6.5% based on age. Both (a) and (b) included an inflation component of 3%. The actuarial value of Plan assets was determined using techniques that smooth the effect of random variations in financial market values of investments. The unfunded actuarial accrued liability is being amortized as a level dollar amount on a closed basis. The remaining amortization period as of January 1, 2013 was 6 years.

#### Funded Status and Funding Progress

As of January 1, 2013, the most recent actuarial valuation date, the plan was 75.1% funded. The actuarial accrued liability for benefits was \$1,321,573, and the actuarial value of assets was \$992,139, resulting in an unfunded actuarial accrued liability (UAAL) of \$329,434. The covered payroll (annual payroll of active employees covered by the plan) was \$694,659, and the ratio of the UAAL to the covered payroll was 47.4%.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

#### G. Landfill Closure and Post-Closure Care Cost

State and federal laws and regulations require that the County place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for five years after closure. The County stopped accepting waste on April 8, 1994 and is awaiting final approval of closure. The County continues to pay approximately \$18,000 annually for monitoring and engineers estimate this amount will continue to be paid for the next 13 years. This exact time period cannot be determined. The County's estimated liability for post-closure care costs at September 30, 2014 was \$235,621. Actual costs may be higher due to inflation or deflation, revisions to laws or regulations, or changes in technology.

#### H. Fund Balances

The classifications of fund balances of governmental funds at September 30, 2014 were as follows:

|                         | General    | CDBG<br>Drainage<br>& Streets | Other<br>Governmental<br>Funds | Total<br>Governmental<br>Funds |
|-------------------------|------------|-------------------------------|--------------------------------|--------------------------------|
| Restricted              |            |                               |                                |                                |
| Public Works            | \$ 338,207 | \$                            | \$ 84,254                      | \$ 422,461                     |
| Capital Outlay          |            |                               | 90,135                         | 90,135                         |
|                         | 338,207    |                               | 174,389                        | 512,596                        |
| Assigned                |            |                               |                                |                                |
| Public Safety           |            |                               | 18,122                         | 18,122                         |

#### **IV. OTHER INFORMATION**

#### A. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. Settled claims from these risks have not exceeded insurance coverage for the past three years. To cover the risks, the County is a member of the Association County Commissioners of Georgia - Interlocal Risk Management Agency (ACCG-IRMA). The ACCG-IRMA operates under the authority of O.C.G.A. 36-85-1 et Seq. and administers group self-insurance funds, which receive contributions of its members in order to pool the risks of general liability, motor vehicle liability and property damage. Through participation in the agency, members jointly purchase insurance with other counties participating in and belonging to the agency and are coinsured under master policies with the total premium apportioned among the participants. The County is jointly and severally liable for all legal obligations of the funds which arise out of an event which occurs while the County is a member of the fund. The County's deductibles for coverage range from \$1,000 to \$2,500 with various limits of liability up to \$1,000,000 for liability and \$8,959,673 for property.

For its workers compensation coverage, the County is a member of the Association County Commissioners of Georgia-Group Self-Insurance Workers' Compensation Fund (ACCG-GSIWCF). The ACCG-GSIWCF operates under the authority of O.C.G.A 34-9-150 et Seq. The County pays into the fund its share of the fund's projected obligation for workers' compensation liability, administrative expenses, and other costs incurred by the fund. The County's share is adjusted by the board of the fund according to the claims experience of each participating member in accordance with criteria set forth in the bylaws of the fund. The fund makes payments to the employees of the members for workers compensation benefits pursuant to and in accordance with the claims procedures set forth in title 34, chapter 9 of O.C.G.A. The County is jointly and severally liable for all legal obligations of the fund, including, but not limited to, any obligations of the fund to pay claims against the fund arising out of any occurrence, incident, or accident covered under title 34, chapter 9 of O.C.G.A.

#### **B.** Commitments and Contingencies

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the County's counsel that resolution of these matters will not have a material adverse effect on the financial condition of the County.

Amounts received or receivable from grantor agencies, federal and state, are subject to audit and adjustment by those agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. In the opinion of County management, such disallowances, if any, will not be significant to the County's financial statements.

Wilcox County contracted with Crisp Regional Health Services (CRHS) to operate a county-wide ambulance service. The County paid CRHS its costs and expenses in operating the EMS, adjusted to the CRHS net after the deduction of the actual income received from customers, state and federal sources. There is an annual settlement based upon the Hospital's June 30 annual audit. The settlement amount for the June 30, 2014 year end of the Hospital was \$462,975 and is included in the County's accounts payable at September 30, 2014. If CRHS costs and expenses to operate the EMS exceed revenues from customers, state and federal sources for the period July, August, and September 2014 a contingent liability would exist. The contract with CRHS ended September 30, 2014; however, due to issues with the Wilcox County's billing service, CRHS received Medicare payments after the contract ended for services performed by Wilcox's EMS. CRHS has not forwarded said payments to the County and has yet to bill the County for services for the months of July, August, and September 2014. The amount of this contingent liability for the three month period is unknown. The County does not expect it to exceed \$116,000.

#### C. Joint Ventures

Under Georgia law, the County, in conjunction with other cities and counties in the seventeen County Central Georgia area, is a member of the Heart of Georgia Regional Commission and is required to pay annual dues thereto. During its year ended September 30, 2014, the County paid \$4,330 in such dues. Membership in a Regional Commission is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of Regional Commissions in Georgia. The Regional Commission Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of the Regional Commissions. Separate financial statements may be obtained from:

Heart of Georgia Altamaha Regional Commission 5405 Oak Street Eastman, Georgia 31023

#### A. Budgetary Information

An annual budget was adopted on a basis consistent with generally accepted accounting principles for the General Fund. The presentation of expenditures reported in the General Fund *Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual* differs from the *Statement of Revenues, Expenditures and Changes in Fund Balance – Governmental Funds* due to the classification of certain reimbursements from other funds. The following schedule presents a reconciliation of those amounts.

|                                | Budget       |                | Governmental<br>Fund |

# COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

# **Major Governmental Funds**

## General Fund

The General Fund is the County's primary operating fund. It is used to account for and report all financial resources of the general government, except those required to be accounted for and reported in another fund.

## Capital Projects Funds

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

**CDBG Drainage & Streets Fund** - This fund is used to account for street, flood, and drainage improvements to Humming Bird Road, Juniper Lane, and Saw Mill Loop.

# **Nonmajor Governmental Funds**

## Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

**E-911 Fund** - This fund is used to account for operations of the E-911 center.

**Cedar Creek Fire Fund** - This fund is used to account for the collection and disbursement of funds used for fire protection in the Cedar Creek section of the County.

**Jail Fund** - This fund is used to account for an additional 10% on all fines collected for the purpose of jail improvements.

**Drug Abuse Treatment Fund** - This fund is used to account for the collection and disbursement of monies used exclusively for drug abuse treatment and education programs relating to controlled substances and marijuana.

**Juvenile Services Fund** - This fund is used to account for the collection and disbursement of fines received from juvenile court cases.

**Sheriff's Drug Fund** - This fund is used to account for collection and disbursement of federally forfeited funds which are to be used solely for local drug enforcement.

**TSPLOST Fund** - This fund is used to account for the collection of the discretionary portion of the TSPLOST proceeds and expenditures for transportation projects that are not capital projects.

## Capital Projects Funds

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

**SPLOST 2006 Fund** - This fund accounts for the proceeds of the special one percent special purpose sales tax which was adopted by the voters of Wilcox County for a period of six years ending March 31, 2012 for financing certain capital outlay projects. The County projects are the recreational complex, roads, streets, and bridges. The municipal projects are roads, streets, bridges, and acquisition and restoration of historical landmarks for the City of Abbeville; roads, streets, bridges, and the community center for the City of Pineview; roads, streets, and bridges for the City of Rochelle: and roads, streets, and bridges for the City of Pineview.

**SPLOST 2012 Fund** - This fund accounts for the proceeds of the special one percent special purpose sales tax which was adopted by the voters of Wilcox County for a period of six years ending March 31, 2018 for financing certain capital outlay projects. The County projects are improvements to the courthouse, jail and sheriff's department, EMS services and housing, old health department, farm service agency and 4-H building, rolling stock, roads, streets, bridges, recreation, and debt reduction. The municipal projects are roads, streets, bridges, and building construction and improvements for the City of Abbeville; water and drainage projects, streets, roads, and parks and recreation for the City of Pineview; roads, streets, bridges, and water projects for the City of Rochelle; roads, streets, bridges, fire department, clerk's office, and recreation projects for the City of Pitts.

# **Fiduciary Funds**

# Private-Purpose Trust Funds

Private purpose trust funds are used to report all trust arrangements (other than pension and investment trust funds) "under which principal and income benefit individuals, private organizations, or other governments."

**Will Duncan Fund** - This private purpose trust fund is used to account for resources legally held in trust for use by the County to construct a hospital within the County under the will of Will Duncan. If a hospital is not constructed by July 7, 2021, then the County may use this money to pay hospital bills for the poor of Wilcox County.

# Agency Funds

Agency funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds.

**Clerk of Superior Court Fund** - This fund is used to account for collection of various fees and other amounts which are disbursed to other parties.

**Probate Court Fund** - This fund is used to account for collection of various fees to be disbursed to other parties.

**Sheriff Fund** - This fund is used to account for collection of various cash bonds, fees, etc. to be disbursed to other parties.

**Tax Commissioner Fund** - This fund is used to account for collection of property taxes, motor vehicle tax and title fees, fees for recording of intangibles, etc. which are disbursed to various taxing units.

**Magistrate Court Fund** - This fund is used to account for collection of various warrants to be disbursed to other parties.

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of County Commissioners Wilcox County, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Wilcox County, Georgia, as of and for the year ended September 30, 2014, and the related notes to the financial statements, which collectively comprise Wilcox County, Georgia's basic financial statements, and have issued our report thereon dated August 11, 2015. Our report includes a reference to other auditors who audited the financial statements of the Wilcox County Board of Health, as described in our report on Wilcox County, Georgia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Wilcox County, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Wilcox County, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of Wilcox County, County, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Wilcox County, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and

MEEKS CPA, LLP · 225 E. 4th Street · P.O. Box 605 · Ocilla · Ga · 31774 · (229) 468-7475 · (229) 468-7018 Fax · MeeksCpa.com

accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2014-1.

### Wilcox County, Georgia's Response to Findings

Wilcox County, Georgia's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Wilcox County, Georgia's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Board of County Commissioners Wilcox County, Georgia

#### Report on Compliance for Each Major Federal Program

We have audited Wilcox County, Georgia's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Wilcox County, Georgia's major federal programs for the year ended September 30, 2014. Wilcox County, Georgia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Wilcox County, Georgia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Wilcox County, Georgia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Wilcox County, Georgia's compliance.

#### **Opinion on Each Major Federal Program**

In our opinion, Wilcox County, Georgia, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2014.

#### **Report on Internal Control Over Compliance**

Management of Wilcox County, Georgia, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Wilcox County, Georgia's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular

A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Wilcox County, Georgia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
