The first item of new business was a presentation by Don Wood, Randy Crenshaw and Jerry Rhodes, representatives of Middle Georgia EMC, about broadband being installed throughout their region. They added they are going out on a limb to provide the service. In order to receive federal funding, they must serve 100% of their customers. Wilcox County has been ranked as one of the lowest served internet counties. The pandemic has magnified the importance of internet services. Middle Georgia EMC will own the fiber but it will be run by Connection Connect. They will service the fiber and bill the customer. It will be a huge economic benefit to the County. Their plan is to connect the first customer in January 2022.

The next item of new business was budget amendments for the EMS and Sheriff's Office. These amendments will increase the EMS budget and EMS grants by \$5,750.00 and increase the Sheriff's budget and insurance proceeds by \$14,462.00.
